# Social Studies Department

Hello, and welcome back!

We are all excited to be back to school and know that this transition will take some time to get use to. We want to assure both the students and parents that we are working hard to make our classes as interesting and 'normal' as possible. On Wednesdays, we all have Office Hours, so if you have any concerns, please click on the image of the teacher and it will take you to a website to sign up for one of our sessions.
