PGCC Cyber Smart – A GenCyber Camp

Are you interested in cybersecurity or would you like to know more about Information Technology? Join Prince George's Community College this summer for a **FREE** Summer camp for middle school girls (rising 6th -8th grade) and high school (rising 9th - 12th grade) students, funded through a GenCyber grant.

Application Process

1. Complete application forms.
2. High school students must include an essay of interest in Information Technology and/or cybersecurity enumerating why he or she should be considered for the camp (minimum of 200 words)
3. Send your completed form via email to adelekfo@pgcc.edu
4. Applications received will be reviewed based on:
   - First come first serve
   - Priority will be given to low income families
5. Accepted applicants will receive an email with registration instructions and required forms by June 10th, 2017.
6. The instructions received will be use to register online. Any registration received without required forms turned in will be considered incomplete and space maybe given to other applicants.

Apply now seats are limited!!!
