

Ms. Mac's News

Parent Newsletter for CMIT South Chemistry

Welcome Back!

I hope you all enjoyed your break & time with family. I just wanted to give a few brief reminders of what's been covered in the beginning of 2nd Quarter and what will be covered after the Chapter 5-6 Test.

Thanks to the parents who made it to Parent Teacher Conferences earlier this month; and to those unable to make it - feel free to email and schedule time to come in if you have any questions.

Study Tips:

- Re-writing notes; use highlighters/color coding (this I have used even in college/grad school)
- Pay close attention to key vocabulary & guiding questions
- Youtube & Khan Academy (especially) - I have & will continue to post videos as well
- Flash - cards or Cornell method note taking (to quiz yourself)
- Jot down questions you have and ask them as soon as

Up Next :

- **Lab Report**
(Electron Configuration)
Due this week
- **Chapter 5**
Quiz this week
- **Chapter 5-6**
Test next week
- **Chapter 6 -**
Periodic Table
Trends Activity
this week - next
week (will
serve as
review)
- **Next Topic:**
Chapter 7 -
Ionic Bonding !

1

COMMUNICATION

Please communicate any problems or questions with course matter as soon as they arise.

2

AVAILABILITY

Tutoring Th/F 7:30am. I am available via call Thursdays and Fridays 7:30am

3

PARTNERSHIP

Team work makes the dream work! I look forward to working with you all to ensure that your student has a successful year in Chemistry.
