NOTES

CLUBS ONLY: We will be writing down the students names as they leave the stands, so please do not allow them to get up and walk away. We will call down each row individually to make sure their names match their spot in the photo.

If you teach a class during the class photo time, please come down with the students to help organize them. We will not be writing down the names of these groups, so they are free to move as soon as we dismiss them by row.

A substitute should be available to come down to cover your class so you can join your club. If one does not, please bring the students down to the gym and have them stand against the opposite wall if you would like to be in the photo.

TO DO

Students should arrive in the gym 5 minutes prior to their photo time.

We will be setting up two groups at a time during some of the time slots. Please make sure you and the students look over the schedule carefully in order to not miss the photo time.
