

Join the FIRE NSBE Jr. Tech Entrepreneurial Team
for a

Tech Talk with Aerospace Industry Pioneer Dr. John Langford

Dr. Langford will share insights, experiences and answer your questions regarding tech entrepreneurship

Dr. John S. Langford, III
John currently serves as Chairman and Chief Executive Officer of Electra.aero. John is an aerospace entrepreneur who founded Aurora Flight Sciences in 1989, Athena Technologies in 1998, and Electra.aero in 2020. Aurora pioneered advanced robotic aircraft, Athena developed advanced flight control solutions, and Electra is developing sustainable aviation solutions for regional mobility. Athena was sold to Rockwell Collins in 2008 and Aurora was sold to Boeing in 2017.
