

Interested in Science, Technology, Engineering, or Math?
Want to explore sustainability, energy, and climate change?

Exelon Foundation STEM Leadership Academy

Sunday, July 17th to Friday, July 22nd, 2022
at University of Maryland at College Park

Come participate in a free program designed for young women interested in STEM!

The Exelon Foundation STEM Leadership Academy is a free week-long, residential leadership program at University of Maryland where young women learn about the energy industry in fun and interactive ways, including field trips, hands on activities, small group discussions with women leaders from across the region, leadership development training, and an energy challenge with some great prizes for winning projects! Each participant will receive an iPad to use for Academy activities and to take home at the end of the week.

"I enjoyed meeting other girls that are interested in STEM and leadership. I really felt at home and everyone was just amazing."

"I loved this and I am so grateful to have been given this opportunity to meet such wonderful and powerful people."

Who should apply?

Young women currently in 10th or 11th grade.

STEM
Leadership Academy

Exelon Foundation.

In Partnership with The NEED Project
