

# Culinary Arts Industry Learning

## Afternoon Industry Enrichment Sessions

Young Innovators™

Register Online: <https://www.eduserc.org/register>

**Young Innovators** is an *EduSerc* career development and academic reinforcement training program that provides students with real hands-on, industry experience in a number of career areas. Students learn how to develop their technical and critical thinking skills in STEM, Culinary, Business, Finance and many other areas.

### **Spring Session: Dinner Entrees (\$95/student)**

**Middle/High School:** Mondays (Mar 9,16, 23) 3:30pm – 5:30pm

Students will learn how to make simple dinner entrees that are easy to make in 10 minutes for the whole family. Students will develop the basic skills to make a great, healthy meal in minutes and can start to cook when you get home from work!

Dinner Entrees being made are as follows:

- Lemon Flavored Salmon
- Shrimp Scampi
- Parmesan Chicken

Academic Reinforcement: Cooking, Science, English, Writing, Art
