Howard University

Program of Study: Computer Engineering

Special Awards

Departmental Award: Creative Arts (Art)

Nia Hicks

Nia has been selected for her continued love of art, creativity, and ability to use art and compassion to change the world around her.

Departmental Award: Creative Arts (Language)

Grant McDonald

Grant was selected for his continued oral participation in class. He is a leader in the classroom and always tries to continue conversation in Spanish. He is always ready for class and is always on his best behavior whether we have visitors or not!

Departmental Award: Science

Agatha Dulce

Agatha is a scholar, in the true sense of the word. She has successfully completed AP Biology and is presently enrolled in AP Chemistry. Agatha works diligently to excel in all aspects of each subject she takes. Agatha has a very sunny, delightful "winning" personality. She is a joy to teach as she is inquisitive and is a dual enrollment student at Bowie State University. It is with the greatest pleasure that the Science Department presents our award to Senior Agatha Dulce.

Departmental Award: Athletics (Soccer)

Kofi Owusu-Mensah

Kofi Owusu-Mensah was nominated by his coach for this award because he has matured and grown over the last couple of seasons. He gives his all in everything he does. He was always very supportive of his teammates and classmates. I never had to worry about his grades, he was a hard worker on and off the field.

Departmental Award: Athletics (Soccer)

Sydney Baucum

Sydney Baucum was selected by her coach for her outstanding efforts on and off the soccer field. She represents what it is like to be a true student-athlete by excelling in the classroom while competing amongst the top female soccer players within Prince George's County. Sydney has been elected by her teammates twice to be captain of the soccer team and set the record for most goals scored by a female soccer player at CMIT High School during the 2017 season. I know Sydney is well prepared for her future and I wish her the best of luck as she goes on to become a physical therapist.

Service Hours Acknowledgement

Congratulations to Christopher Salley who has completed 678 hours of community service!

Honorable Mention

Courtney Smith (395), Sydney Baucum (310),
Michaela Myers (267), Chelsea Osandu (247),
Reeves Gift (240), Nicholas Jefferson (214)
