Hello parents and students,

Spring Break officially begins tomorrow and the Third Quarter ends tomorrow. We are three-fourths of the way through the school year!

When we return from Spring Break, students will participate in MCAP Testing. The data from the state tests will assist the school with scheduling students for Advanced Placement Courses at the high school level, as well as assisting the school with determining which students will participate in the Anne Arundel Community College freshman cohort beginning the 2023-24 school year.

It is important that students arrive on time, get a good night's sleep, and eat a healthy breakfast the morning of the test. Students who arrive after the test administration has begun, will not be permitted to enter the classroom until after the completion of testing for that day.

Any student who arrives late on the testing day will take the missed assessment on the assigned make-up testing date.

As we begin the Fourth Quarter of the school year, please make sure that you are monitoring your student's progress by checking PowerSchool every Tuesday evening. If the gradebook has not been updated or if your student has a zero, please contact the teacher immediately. Your inquiry should include:

- When is the gradebook going to be updated?
- Will my child be permitted to make up the assignment without penalty?
- What are the steps I can take to assist my child with being successful?

We are partners in your student's academic success!

I pray that you all have a wonderful Spring Break. If you have any questions or concerns, please feel free to contact me.

Respectfully,

Dwight L. Jefferson
