

What is the Enrichment Program?

CLF's Enrichment Program serves the families and students of CLF schools, grades K-12, by offering structured time in a safe and productive environment before and after school hours, giving families more flexibility with scheduling and transportation. The program provides an opportunity for academic support and social growth through supervised study sessions, homework assistance, organized recreation, games, and peer interactions.

CLF Mission

In partnership with students, parents and the community, CLF schools attain educational excellence by providing a rigorous and technology-integrated education for K-12 students with an emphasis on mathematics, science, and information technologies

This mission is accomplished by implementing an innovative curriculum that incorporates technology into instruction while covering Common Core Standards and utilizing hands-on, inquiry-based teaching methods that create an active learning environment and a student-centered educational system.
