Danielle Epps
High School Assistant Principal

June 4, 2021

Dear Parents/Guardians,

As a part of making sure, we at CMIT South do the very best to provide scholars with as many opportunities to improve their educational experience, we'd like to offer an optional virtual Summer Bridge Program. This virtual program will focus on enrichment-based reading and math curriculum providing scholars with activities that will help build their skills. Summer Bridge Program is open to rising 6th-grade scholars through grade 11. In 6th grade, we want to prepare our scholars for the rigor that will be expected of them for the upcoming school year. In high school, we will focus on 9th graders transitioning into high school as well as preparing our current Algebra 1 and English 10 scholars to take their MCAP assessments in the Fall.

Educators will utilize various resources and online programs to provide instruction to scholars enrolled in the summer program. Instruction will be in a blended format which will include live interactions (virtually) with teachers and grade-level peers. This is a 4-week program that will begin on July 6, 2020 - July 29, 2021, Monday - Thursday from 9:00-12:30. The sessions will last for one hour that includes a 15-minute break between sessions. Attendance is **mandatory**. If your scholar misses more than two days he/she will be dismissed from the program. June 28, 2021, is the **deadline** to apply.

If you would like your scholar to participate in this optional enrichment opportunity, please fill out the registration form included below.

Again, we look forward to working with your scholars to help them to improve their skills and prepare them for the next grade level.

Sincerely,

Summer Bridge Registration - <https://forms.gle/k6bu4oNLHV32DGe7>
