

WINTER/SPRING 2020 SESSIONS

All sessions are from 6-7:30 p.m. Snacks and childcare for children ages 4-12 provided!

STRAND I: FAMILY EMPOWERMENT

Parent Role in Improving Attendance & Homework

JANUARY 14 | Mount Rainier Elementary

MARCH 26 | Cool Spring Elementary

Learn parent-specific strategies for supporting attendance and the homework process that benefits all children.

Parent Empowerment in Ensuring Student Success

FEBRUARY 19 | Templeton Elementary

MARCH 23 | Robert Frost Elementary

Building effective partnerships between home and school requires concerted efforts from both parent/families and educators. Learn parent-specific strategies for forging and working through partnership actions for the benefits of all children.

Making Your Child Successful at School!

FEBRUARY 25 | Beltsville Academy

"Learning Guardians" will learn the broad research-based strategies for supporting children's readiness for being successful students.

Understanding the IEP for Your Child

APRIL 2 | University Park Elementary

Parents will become empowered to support their child by learning the IEP process and associated resources.

Family & School Strategies for Successful School Relationships

MAY 11 | William Paca Elementary

"Learning Guardians" will learn the broad research-based strategies for building and maintaining effective, productive and positive relationships and partnerships with classroom teachers and school staff.

Math & Reading Empowerment for Families

MAY 28 | Glassmanor Elementary

Parents will learn effective strategies for helping their child improve their performance outcomes in reading and mathematics/numeracy.

STRAND II: 21st CENTURY LEARNING

Title I Schools – Improving Students' Numeracy/Math Outcomes

JANUARY 30 | Glassmanor Elementary

FEBRUARY 27 | Dodge Park Elementary

MARCH 4 | Gladys Noon Spellman Elementary

MARCH 10 | Robert R. Gray Elementary

MARCH 31 | Gaywood Elementary

MAY 12 | Carole Highlands Elementary

Parents will learn effective strategies for helping their child improve their performance outcomes in mathematics/numeracy.

21st Century Learning

MARCH 17 | Riverdale Elementary

Parents will learn effective parenting strategies for helping their child improve their performance as 21st Century Learners.

STRAND III: HEALTH & WELLNESS

Warning Signs for Student At-Risk Behaviors

MARCH 12 | G. James Gholson Middle School

Learn to navigate potentially "troubled waters" with students showing signs of at-risk behaviors. Learn from experts on how to spot and respond to challenges.

Child/Adolescent Growth and Development – the Changes in Our Children

APRIL 21 | Cooper Lane Elementary

MAY 20 | Francis Scott Key Elementary

Parents will have meaningful fun in learning specific strategies to stay ahead of the stages and ages of child and adolescent growth and development and keeping your sanity as a parent!

Positive Parenting

APRIL 30 | Cherokee Lane Elementary

Learn parent-specific strategies for the benefits of all children.

Active Kids Healthy Eating

MAY 5 | Carrollton Elementary School

Explore effective parenting strategies for ensuring "brain-healthy" eating habits for helping children improve their academic performance.
